SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, Alberta, the Yukon Territory, the North-West Territories and British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 5,000 acres will be leased to one applicant.

Application for a lease must be made to the Agent or Sub-Agent of the district in which the rights are applied for.

In proposed mining lands, must be described by sections, or legal subdivisions of sections, and in some territory the tract applied for shall be stated out.

Each application must be accompanied by a fee of \$1, which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the marketable output of the mine at the rate of five cents per ton.

Every Lessee of coal mining rights which are not being operated shall furnish the district Agent of Dominion Lands with a sworn statement to that effect at least once in each year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$5 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. Cory,
Deputy Minister of the Interior.

INSPECTION REORGANIZED

HONORARY LIVINGSTONE RECOMMENDS
REORGANIZATION IN THIS DISTRICT

EXAMINATION IS HELD

Many Applicants for Papers for Various
Positions of Foremen in Coal Mines
Frank to be Permanent Place of Holding
Exams in Future

Norman Fraser, chief coal mine inspector for the Alberta government is in Frank accompanied by Robert Livingstone, deputy inspector for this inspection district. Mr. Fraser's mission is a double one, that of introducing Mr. Livingstone who has just been appointed to succeed E. Heathcote who has left the department to take a superintendent's position with the Crow's Nest Pass company, and to hold an examination of applicants for papers for fire boss, pit boss and mine manager.

Mr. Livingstone was formerly for some years with the Galt people and is thoroughly familiar with coal mining conditions in Alberta. His district has been rearranged and now includes all mines west of Lundbreck on the Crow's Nest line and all west of Calgary on the main line. His headquarters will be at Calgary.

In the rearrangement of the district, a new district is created consisting of all territory on the main line east of Lundbreck to Medicine Hat and on west on the main line. A new inspector will soon be appointed for that district. Mr. Fraser's district will remain as heretofore except as to the Banffhead and Camrose territory which is added to Mr. Livingstone's territory. This gives Mr. Fraser all the territory north of Calgary.

There was some discussion as to the work in the matter of examinations. Instead of examinations being held at different places and at different times, all examinations will henceforth be held on the same dates in the three districts and they will all ways be held at the same places. Frank has been decided upon as the place for holding examinations for the southern portion of Mr. Livingstone's district and Banff for the northern portion.

The present examination here commenced yesterday and is still in progress. It will be finished this evening. The board is composed of Mr. Fraser, A. R. Wilson of the Maple Leaf company for the operators and David Steen, representing the miners.

The applicants for papers who took the examination were:

Fire boss—Ernest Wright, Lundbreck; Thos. Young, Taber; M. McGarry, Nichol; Jas. Devlin, Taber; R. Hayes, Lundbreck; Jno. Harvie, Taber; Wm. D. McMillan, Lethbridge; S. McLeary, Lethbridge; J. Prentice, Lethbridge; A. Fox, Taber; A. Houty, Bellevue; T. E. Moore, Minto; Jno. J. Thomas, Frank.

Pit Boss—Jas. A. McLenahan, Hillcrest; Wm. Murdoch, Taber; S. Whitford, Minto; Jno. Thomas, Diamond City; H. S. Thain, Lethbridge; Jno. Davis, Lethbridge; Jas. Francis, Taber; J. H. Oliphant, Bellevue; Jas. Nicol, Frank; Jas. Ashcroft, Lethbridge.

Mine Manager—H. I. Reynolds, Taber; E. Sparrow, Lundbreck; Robert Horn, Coleman; Thomas Keith, Taber; F. Aspinall, Michel; E. Ashburn, Lethbridge; Jno. Bambling, Lethbridge; A. C. Dunn, Frank; S. Shone, Coleman; S. Harrison, Lethbridge; J. H. McMillan, Lethbridge.

Plant for Royal Mines

During the past week shipments of machinery for the plant of the Royal Mines, Limited, have been arriving in the city and a part has already been hauled to the mine. This machinery consists of a ventilating fan, air compressor, weigh basket, scales and coal pushers, and work on the installation of same will be commenced immediately. Construction of the new power house is now well under way. The slope is now into the coal measure.—Lethbridge Herald

ANNUAL MEETING TUESDAY

Managing Director S. W. Gebro of the Canadian-American company returned to Frank Sunday after an absence of some weeks. Mr. Gebro is here to attend the annual meeting of the company which will be held at the company's office next Tuesday. The date of the meeting was by error announced last week for the 7th.

Mr. Gebro states that an order for two new boilers to supply power for operations at the shaft has been placed. They will be 200 horse power each. Pumping at the shaft will begin Monday.

The company announces the intention of turning on the electric lights this evening if possible but by the end of the week in any event.

MANY ELECTIONS PROTESTED

On Saturday, which was the last day for entering protests in Alberta, six protests were entered in Edmonton, which includes every riding in the province with the exception of Victoria.

Both parties watched each other closely and were ready for action. Shortly before time the Conservatives put in the three protests, against Hon. Frank Oliver, Dr. McIntyre and Dr. Clark.

The usual charges of bribery are made, with the exception to the case of Mr. Oliver, of charges of irregularities in election papers.

As soon as these charges were made the Liberals followed by making formal protests against the election of M. S. McCarth, C. A. Magrath, Medicine Hat, and John Herron, Medicine.

The number of protests filed against the Dominion Convention, ordinarily large, in Manitoba all but two seats were protested and in the case the seat that was not protested was the exception.

BELLEVUE NEWS

Fred Lund made a trip to Beaver Creek the last of the week.

E. W. Johnston, C.M.R. coal inspector, accompanied by Mrs. Johnston, left for Edmonton Tuesday.

The English speaking socialists will hold a "Pipe Dance" Friday evening. Pipes will be sold at auction.

The Bellevue orchestra will give a hard times dance Tuesday evening, the 15th. There will be a fine program and lots of fun.

The West Canadian Collieries booked an order this week for coal for the passenger trains on the C.P.R. Bellevue coal having been found to be of superior value for that purpose. The mine only worked four days last week owing to car shortages.

The light plant put in by the West Canadian Collieries is expected to be ready to have the lights turned on in about ten days. The generator and switchboard arrived during the week. The power house is completed and the wiring is about finished and the machinery is now being installed.

The plans of the Bellevue miners' union for the building of a hall contemplate a building that will be a credit to the camp. It will be frame, 30 by 50 and two stories high. The ground floor will be occupied as a store building by a co-operative store to be organized in the union and the upper floor will have a hall 26 by 40 with two side rooms 14 by 15, the hall to have a hard wood floor for dancing. The building will cost about \$2500. Tenders will be advertised for this week.

The Epworth League debating club held a lively session Thursday evening. The Rev. Taylor read a paper on the subject, "Should Christians Dance?" which later formed the subject for debate. The Rev. Taylor's paper consisted chiefly of extracts from speeches of famous churchmen and all made much the same criticism of dancing, taking the evil arising from the lower class of dance and using them against respectable gatherings of a purely social nature. W. B. Chappell who led the debate for the opposition, held that Christians should attend respectable dances and thereby help to keep up the standard of amusement. The paper for this evening will be: "Foreign and Home Missions."

NEW MINE AT COLEMAN

CONTRACT OBTAINED TO OPERATE
McVILLIEN PROPERTY

START IN TWO MONTHS

McGillivray Creek Coal & Coke Co., in the McVillien-Willi-Wood-Worth Extension of International Company's Lease—J. F. Fovah Manager.

The new coal mining company to be known as the McGillivray Coal & Coke Co., Ltd., composed chiefly of American capital, has been organized to work the coal property near Coleman known as the McVillien property. J. F. Fovah, formerly chief accountant for the International Coal & Coke company is to be the general manager of the new company and under his direction the work of opening up the property is to begin in a short time.

The company is capitalized at \$3,000,000, two-thirds of which is to be issued and the balance to be retained in the treasury. The property acquired by the company is situated about a mile north of Coleman and consists of about 3,000 acres with three and three-fourths miles on the strike of the seams.

The seams are the north extension of these seams now being worked by the International company and as far as is presently known, the series embraces five seams.

The organization of the company is not perfected as yet but will be in a few days at a meeting of the directors to be held at Spokane when the officers will be elected.

Mr. Fovah has opened offices in the Cameron block at Coleman to serve as general offices until such time as a permanent one will be built at the mine. He has engineers engaged and is now employed with the preliminary work of making surveys, preparing plans for the operating plant and running lines for a railway spur from Coleman to the mine. Mr. Fovah expects to begin active development work in two months and will push the driving of the entry and air courses with a view to attaining a good sized output by next summer. The entry will be driven on No. 2 seam which is the main working seam of the International company. The launching of the new company means a great deal to the business interests of Coleman.

Coal Mines on G.T.P.

A Montreal dispatch of recent date says:

"Archibald Cook, K.C., Judge Scott, J.T. Ross, George E. Annett, and others, of Quebec; E. Butel and Armand Bernier, of Paris; and E. B. Greenfield, director of the Bank of Montreal, who have obtained syndicate rights and who will apply for a charter this session for the Yellowhead Pass Coal, Coke and Railway, are all here today making preparations for organization.

F. S. Landstreet, an eminent New York mining engineer, who spent all summer in the district, and who reports a coal body of 800 million tons of the best quality of bituminous coal within 90 miles of Big Eddy on the main line of the Grand Trunk Pacific, 130 miles west of Edmonton, is also here. He states that operations on the five plants to employ 2,000 men will be started as soon as the Grand Trunk Pacific rails reach Big Eddy next July, and a year later they will be able to produce two thousand tons a day.

French and Edmonton capital will be recalled to the eastern interests."

Grand Trunk Located to Connect

The location of the main line of the Grand Trunk Pacific railway between Edmonton and Prince Rupert has been completed. It occupied nearly two years. The survey parties employed in the vicinity of Fort George in Central British Columbia formed the last big force in the field. They reached Ashcroft last week. It is probable that several parties will be sent in again next spring to revise a portion of the survey.

At Coleman, Alberta.

INTERNATIONAL STOCK BOOMING

International Coal & Coke company stock is again booming on the Vancouver stock exchange. Concerning the matter, the Province of a few days ago says:

"The local stock exchange was almost wild this morning, some sharp bidding in International and Snow storm being the principal features. International led off with a sensational rise, buyers bidding the price up eight points. As was pointed out in these columns yesterday, there is a rumor that International will resume the old 8 per cent dividend which was cut last spring to a basis of 5, 11 per cent having been paid in the last two quarters. The next quarter may see 2 per cent paid, and that there is some foundation for the gossip would seem to be carried out by the action of the stock this morning. Buyers got 1000 at 75, but had to pay 75 for another 500, a price which made first-sellers feel like kicking themselves. Sellers closed their offerings at 80, a clear 10-point rise from yesterday, while buyers closed at 75 bid, a rise of 8 points.

Progress at Royal City
The contract has been let and the material has already arrived for the erection of twenty more cottages at Royal City, the headquarters of the Royal Collieries.

Water is being delivered to the mine through a good water system. D. L. McPhee of Coleman has made arrangements for the erection of a new store at this rapidly developing mining town. The work will be proceeded with immediately.

Frank News in Brief

DENTISTRY—Dr. Bruce, head office, Macleod, Honor Graduate of Trinity University, Toronto, and Royal College of Dental Surgeons of Ontario, will make his next regular visit to Frank on Dec. 11 and 12. Please call and make appointments early.

It has been decided that the ball to be given at School Hall New Year's eve, will be given on behalf of the citizens of Frank instead of by the young men exclusively. The members of the committee having the arrangements in charge expect to make it the big social event of the year.

Business at the Frank customs house shows a steady gain. The value of imports passed during November was \$5,728.98 on which duties were collected to the amount of \$1,327.75. Inspector Kenny who recently inspected the office, has recommended that important improvements to the place be made.

Sentinel lodge of Masons, Frank, elected officers at the last regular meeting as follows: T. M. Burnett, W. M.; Dr. D. O. McKenzie, S. W.; George Patterson, J. W.; A. C. Bosch, Treasurer and J. H. Church, secretary. There will be a joint installation of officers with Summit lodge of Coleman the 28th at which District Deputy Grand Master Scott has been invited to officiate.

The Baptist society will hold Christmas festivities at School Hall, Blairmore on the 24th. In the afternoon there will be a tree for the children and in the evening there will be a Christmas entertainment for which an exceptionally fine musical and literary program is being prepared. For the evening entertainment an admission fee of fifty cents will be charged the proceeds to be devoted to the building fund.

A runaway accident in the slide narrow gauge having serious results Saturday. Mrs. Dr. Malcolmson, Mrs. G. E. C. Martin, Mrs. T. B. Martin and Mrs. G. C. Hochfort were being driven home from Hillcrest when the team became unmanageable and Mrs. Malcolmson was thrown out, striking on her head. The other ladies stayed in the rig and fortunately, the team which started to run away, was stopped by pedestrians who happened along in the nick of time. Mrs. Malcolmson was considerably bruised and badly shaken up but was not seriously injured.

It will profit persons in quest of suitable Christmas presents to note the change of advertisement of the Crown's Nest Pass Hardware company in this issue.

Bernard Day and Miss Hannah Foster, both of Hillcrest were married Monday evening at 7:30 at the residence of the Rev. Sergeant, Blairmore.

FOR SALE—One magnificent, pure bred Black Minorca cock and a few pullets and hens. Will be sold very cheaply if taken at this time. Apply this office.

G. L. Fraser, general manager of the Royal Collieries and the Alberta Coal company who now resides at the new town, Royal City, was a visitor to Frank Friday last.

Nothing was done at the board of trade meeting Monday night owing to lack of a quorum. The railway subject was informally discussed but owing to the small attendance no action was attempted.

NOTICE TO ALL CONCERNED:—I hereby give notice to all parties concerned that I will no longer be responsible for any debts incurred by my wife whether such indebtedness be incurred in my name or otherwise. JAMES LINDSAY.

Alex. Goyette, dealer in furniture and wallpaper.

Inspector Belcher paid the police detachment in this end of his district a visit Friday last.

The Crown's Nest Pass Hardware company has on a novel guessing contest. A person buying a package of poultry food is entitled to a guess on the weight in ounces, of a hen on exhibition in the window and the winner gets the hen Christmas eve.

Minister of Public Works Cushing went west Tuesday night en route to Nelson.

Another boxing match between Charles Burrows of Frank and Sator Woods has been arranged. It will take place at Coleman the 15th.

A movement is under way to hold a union Christmas tree by the various religious denominations in Frank.

Mr. and Mrs. D. S. Drain left Wednesday for Los Angeles and Old Mexico where they will spend the winter.

Miss Mary Sonneton, daughter of the late and gone, arrived in Frank on Saturday for the Pass Hardware company. She is a sixth daughter on a visit to her former home at Ottawa. She will be absent until March. Miss Sonneton is being relieved by Miss A. Dickson of Calgary.

If you are in doubt what to buy for Christmas call on the Crown's Nest Pass Hardware Co.

The Crown's Nest Pass Hardware Co. have just received a large stock of poultry and stock food. "Have a guess."

Mrs. D. J. Hill and the Rev. C. L. Stephenson of Coleman left Saturday evening for England to spend the winter at their former homes.

HEALTH Without MEDICINE

HEALTH CAN BE SAVED BY THIS NEW METHOD

Copyright 1907 by Dr. H. Sanche & Co.

Mrs. A. M. W. Neapolis, Alta., writes: "Received the Oxydonor and find it a source of great relief, although I have had it hardly a month. The first night I slept and rested better than for weeks and my bowels moved regularly every morning while I used the Oxydonor during the night."

My general health is greatly improved. For years I have been compelled to take a physic every day and been subject to severe headaches and nervousness, but find them all disappearing and how thankful I am. My children say I look ten years younger, and I was just sixty-nine years old the 6th of May."

SPLENDID OPPORTUNITY TO INVEST

The richest man in the world is investing in British Columbia copper-gold and silver mines. Why can't you begin now? The greatest gold-copper discovery of the age is in B. C.

BIG FOUR CONSOLIDATED GOLD MINES, Ltd. Capital \$250,000

Every dollar subscribed used in development of Macmillan's mine. 100 shares at \$25.00 per share, will shortly advance to \$50.00. Mines directly owned of Le Roi and Le Roi no. 2 shares sold from \$5 to \$40.00, and Consolidated Mining & Smelting Co. of Canada, Ltd. shares \$25.00 each, the Giant California, adjoining our own, shares about \$100.00. Granby Mine paid over \$2,000,000 dividends per year. Gold-copper mines in British Columbia paid large dividends. Big Four assays from \$5.00 to \$60.00 in gold, copper, silver, with 20 per cent in the treasury. Invest now and you won't regret it. NOTE—Most of these mines sold for a few cents each, but over capitalized even now per big dividends. Big Four is on the railway near smelters. Roadland mines received highest awards for richest gold-copper ore sent to St. Louis Exposition. Big Four had best display at Dominion Fair, New Westminster B. C. No less than 100 shares sold for cash, above this. Shares can be had on instalment plan, on yearly contract, 15 per cent cash, balance monthly. Many two miles of Railway on Property. Company has no debt or liabilities. Send for Illustrated Prospectus and Booklet, "Mining Up-to-date", to Secretary, with 1c in stamps.
